A Reminder for All Educators: March 1st Deadline

For those Educators who want to use the CRC Examination as their Comprehensive Exam, completed paperwork must be postmarked by March 1st, 2009 for all students sitting for the March 6-14 CRC Examination Testing Dates.

This is a tremendous opportunity for students in RCE programs to use one examination to help them achieve both their master's degree and their professional credential – at no additional cost to the University or to the student.

For more information, including instructions and required forms, please visit the CRCC website at www.crccertification.com, Educators portal, "CRC as Comprehensive Exam".
