CRCC Offers a New CRC Interactive Practice Test

The Commission on Rehabilitation Counselor Certification (CRCC®), in conjunction with Prometric, has developed and released its new CRC Interactive Practice Test.

Designed to assist candidates as they prepare to take the Certified Rehabilitation Counselor (CRC) Exam, the CRC Interactive Practice Test:

- Is taken online in the comfort of one's home or office;
- Contains 50 items representative of content on a live CRC exam;
- Allows a 48-hour window to take and retake the test;
- Provides correct answers, rationale, and related references for each of the 50 items;
- May be taken in 2 different modes - Test Mode and Study Mode - both within the 48-hour window; and
- May be purchased for \$39.99 at www.ibt.prometric.com/CRCC.

The CRC Interactive Practice Test consists of 50 items retired from previous live CRC exams - specifically selected to be reasonably representative of the content and statistical properties of a live CRC exam. The practice test items span all 12 domains or content areas covered in the live CRC exam, as well as the 2 scoring sections of counseling and rehabilitation/disability.

To further maximize CRC exam preparation, the CRC Interactive Practice Test may be taken in 2 modes. Test Mode most closely simulates a live test environment where respondents move from one question directly to the next with final scoring presented upon test completion. Study Mode offers a wealth of information automatically following each question, including the correct answer, rationale, and a corresponding list of references for further study. Respondents are encouraged to take the CRC Interactive Practice Test in both modes during their 48-hour window.

For more information on the CRC Interactive Practice Test, go to the CRCC website at www.crc certification.com/pages/crc_exam_preparation/72.php.

To purchase the CRC Interactive Practice Test and begin the 48-hour test window, go to www.ibt.prometric.com/CRCC.

"CRCC continues its dedication and commitment to serve and support our growing CRC community with new, leading-edge technology. CRC exam preparation was a key area identified by our certificants for additional support as part of the 2007 Constituent Research - and CRCC was listening! We are excited to provide this tremendous tool to assist both new CRC candidates and those certificants who are preparing to take the CRC exam for certification renewal."

Cindy A. Chapman, Executive Director
Commission on Rehabilitation Counselor Certification
