

## Category R – University List

**Universities that currently offer,  
are developing, or are considering developing  
post-graduate advanced certificate or degree programs  
to support Category R eligibility requirements**

April 2012

*CRCC is providing this list as a resource for individuals interested in pursuing CRC certification under Category R eligibility criteria. The universities below have indicated they currently offer, are developing, or are considering developing a post-graduate advanced certificate or degree program that would meet Category R eligibility requirements. This is not an endorsement of any particular university or program. Please contact universities directly for details.*
