SECTION 1: INTRODUCTION AND INQUIRIES

Thank you for your interest in the Certified Rehabilitation Counselor certification process. The acronym CRC® is used throughout this guide to refer to the designation Certified Rehabilitation Counselor. CRCC® is used to refer to the Commission on Rehabilitation Counselor Certification. If you pursue certification, please refer to this guide as it contains information to help you through the application and examination processes. As information in this guide is updated periodically, we suggest you access the guide from our website to make certain you have the most recent edition. Please be sure to read carefully before completing an application.

CRCC uses email and first-class mail to maintain contact with all applicants. It is the applicant's responsibility to update his/her contact information, making any changes necessary.

Should you have additional inquiries, they may be directed to:

Commission on Rehabilitation Counselor Certification
Phone: (847) 944-1325
Email: applications@crccertification.com

The CRC certification mark must be used consistent with the scope for which the certification was granted and in accordance with all applicable use policies of CRCC. Unauthorized, fraudulent or misleading use of the CRCC or CRC marks may result in legal or other actions, which may include but are not limited to, revocation of CRC certification.

\textbf{PUBLICATION DATE: } April 1981
\textbf{REVISED: } May 15, 2019
SECTION 2: THE CERTIFICATION PROGRAM

The purpose of certification is to assist in the assurance that professionals engaged in rehabilitation counseling meet acceptable standards of quality in practice. The existence of acceptable standards is considered to be in the best interest of consumers of rehabilitation counseling services and the general public. Through participation in both the certification and certification renewal programs, rehabilitation counselors are also able to bring about a higher level of performance and qualification throughout the profession.

The certification program is an outgrowth of the professional concerns of two organizations: The American Rehabilitation Counseling Association (ARCA) and the National Rehabilitation Counseling Association (NRCA). These organizations deemed it desirable to establish standards for the profession of rehabilitation counseling in order to enhance the quality of service delivery to persons with disabilities. These two associations created a Joint Committee on Rehabilitation Counselor Certification, which was chartered as a nonprofit organization in 1974 and renamed the Commission on Rehabilitation Counselor Certification (CRCC).

Persons who earn the designation of Certified Rehabilitation Counselor (CRC) have demonstrated they possess at least an acceptable minimum of knowledge (as determined by CRCC) with regard to the practice of their profession. The initial certification is valid for five years. It is achieved by satisfying specific educational/employment requirements and then passing the CRC examination. The examination is based on a body of knowledge that encompasses laws, public regulations, and the delivery of rehabilitation services as practiced in the United States. CRCC conducts a role and function study approximately every five years to update the examination and ensure other elements of the CRC certification process accurately reflect the practice of rehabilitation counseling.

As part of the application and renewal process, CRCC requires individuals to respond to questions related to any adverse actions taken by a licensing or certifying entity, reprimand or discharge by an employer for dishonesty, and convictions for violating any laws, statutes, or ordinances in order to ascertain whether such prior history provides sufficient reason to preclude the individual from certification. It is not CRCC’s intent to imply that any individual is suitable for employment or to impose staffing requirements on any agency. The intent is to establish a nationwide measure of professional standards that may be used by any interested parties with regard to rehabilitation counseling. Employers and consumers should not rely solely on CRC certification as a basis for employing or selecting a rehabilitation counselor.

Rehabilitation counseling is a dynamic profession that is constantly evolving. Therefore, CRCC has a certification renewal program under which designation holders are required to demonstrate their continuing professional development. Certification renewal, required at five-year intervals, is considered an essential part of an effective credentialing process, and is intended to help practitioners keep abreast of current trends and new technologies, and to enhance critical skills.

Acknowledging the evolving state of rehabilitation counseling, CRCC encourages CRCs to continuously build on the demonstrated specified levels of knowledge, skills, and ability addressed by the education/employment requirements and the initial certification examination. CRCs are also required to provide evidence of continuing competence through the completion of courses and other activities that will help them more effectively serve their clients.
SECTION 3: THE CERTIFICATION CALENDAR

The CRC examination is administered three times a year. The calendar that follows provides important dates for the certification program.

<table>
<thead>
<tr>
<th>Application Deadline</th>
<th>Testing Dates</th>
<th>Mailing of Examination Results Packet</th>
</tr>
</thead>
<tbody>
<tr>
<td>October 15, 2018</td>
<td>March 1-9, 2019</td>
<td>April 16, 2019</td>
</tr>
<tr>
<td>February 15, 2019</td>
<td>July 12-20, 2019</td>
<td>August 27, 2019</td>
</tr>
<tr>
<td>May 31, 2019</td>

</tbody>
</table>

A score report indicating a pass or fail status is provided to applicants at the test site following completion of the CRC examination. CRCC will mail a full examination results packet in accordance with the schedule noted above.

SECTION 4: CRITERIA FOR ELIGIBILITY

CRCC does not condone or engage in discrimination based on age, arrest record (including expunged criminal history), citizenship, color, disability (mental or physical), ethnicity/ancestry, genetic information, language (if unrelated to their duties), marital status, military status (including unfavorable discharge), national origin, pregnancy, race, religion, sex/gender, sexual orientation (including gender identity), or any other additional class protected by applicable law, including applicable County or City ordinances.

CRCC respects the privacy of its applicants. The CRCC Privacy Policy is available on CRCC’s website at www.crccertification.com/privacy-policy.

CRC eligibility is determined by CRCC after its review of an application for the CRC credential. As described in Section 2, CRCC requires individuals to respond to various questions relating to character and violations of the law. A prior conviction for violating any law, statute, or ordinance will not automatically preclude an individual from being determined eligible to seek certification. However, CRCC will deem an individual to be ineligible to seek certification if he/she has not completed parole, probation, or any other terms or conditions imposed by any court in conjunction with a conviction, a suspended imposition of a sentence, or other sentencing alternative. Convictions include guilty pleas and pleas of “no contest.”

To be eligible to sit for the CRC examination, an applicant must be deemed fit to pursue CRC certification by CRCC and must meet EVERY requirement in ONE of the categories that follow.

ALL education and employment requirements must be fully satisfied by the application deadline. Those applications that do not meet the eligibility criteria for ONE of the following categories upon submission of an application will be automatically denied. At the time the applicant exhausts the appeal option or signifies that he/she does not wish to appeal, a refund of $200 will be issued. Individuals who exhaust or do not exercise the appeal option and who choose to continue to seek certification will be required to re-apply, meet the criteria in effect at the time of re-application and pay the required certification fee.
CATEGORY A

<table>
<thead>
<tr>
<th>Degree</th>
<th>Master’s in Rehabilitation Counseling or Clinical Rehabilitation Counseling.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Granted by</td>
<td>A Rehabilitation Counselor Education (RCE) program or Clinical Rehabilitation Counseling (CLRC) program accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP) when the applicant’s degree was granted, or for graduation prior to July 1, 2017, accredited by the Council on Rehabilitation Education (CORE). If you are unsure of the status of your program when your degree was granted, contact your university.</td>
</tr>
<tr>
<td>Internship requirement</td>
<td>Internship of 600 clock hours supervised by an on-site CRC or by a faculty member who is a CRC. The internship must have been in rehabilitation counseling and the intern must have provided direct rehabilitation counseling services to individuals with disabilities.</td>
</tr>
</tbody>
</table>

CATEGORY B

<table>
<thead>
<tr>
<th>Degree</th>
<th>Master’s in Rehabilitation Counseling.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Granted by</td>
<td>A rehabilitation counselor education program that was NOT accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP) or the Council on Rehabilitation Education (CORE) when the applicant’s degree was granted. If you are unsure of the status of your program when your degree was granted, contact your university.</td>
</tr>
<tr>
<td>Internship requirement and/or Employment requirement</td>
<td>Internship of 600 clock hours supervised by an on-site CRC or by a faculty member who is a CRC. The internship must have been in rehabilitation counseling and the intern must have provided direct rehabilitation counseling services to individuals with disabilities PLUS twelve (12) months of acceptable employment experience (see Section 6) under the supervision of a CRC. If you have met the employment criteria, but lack supervision of employment by a CRC, you must complete a Provisional Contract (see Section 7). OR Twenty-four (24) months of acceptable employment experience (see Section 6) including a minimum of twelve (12) months under the supervision of a CRC. If you have met the employment criteria, but lack supervision of employment by a CRC, you must complete a Provisional Contract (see Section 7).</td>
</tr>
</tbody>
</table>

CATEGORY D

To be eligible for certification in this category, your master’s degree must be in the field of counseling. Examples of degrees that may be considered as a master’s in counseling or as counseling-related may include, but are not necessarily limited to, degrees in rehabilitation psychology, counseling psychology, or clinical social work. If your degree is in a counseling discipline other than rehabilitation counseling, the Standards and Examination Committee (or one of its subcommittees) will review the degree requirements to ensure that one integrated or two separate graduate level courses with the primary focus on the Theories of Counseling and Techniques of Counseling, as defined by CRCC, was part of the degree requirements. Other required courses may be taken as part of or in addition to the original master’s degree. This review will occur following submission of a complete application.
One course will be accepted for only one focus area. To ensure an accurate review, CRCC **requires** that you send a course description or syllabus for all applicable course work. For your education to be considered as acceptable for certification purposes, the courses shown on your official transcript must cover the areas indicated in the category requirements that follow. (See Section 5 for course definitions.)

| Required course work | **TWO OR THREE** graduate courses with the individual or combined primary focus on:  
  1) Medical Aspects of Disabilities;  
  2) Psychosocial Aspects of Disabilities; and  
  3) Multicultural Issues. |
| Additional course work and/or employment requirement | **D1**  
  ➢ **THREE** graduate courses, each with a primary focus on the following areas:  
    1) Assessment;  
    2) Occupational Information or Job Placement; and  
    3) Case Management and Rehabilitation Services.  
  PLUS, thirty-six (36) months of acceptable employment experience (see Section 6), including a minimum of twelve (12) months under the supervision of a CRC. If you have met the employment criteria, but lack supervision of employment by a CRC, you must complete a **Provisional Contract** (see Section 7).  
  **OR**  
  **D2**  
  ➢ **ONE** graduate course with a primary focus on one of the following three areas:  
    1) Assessment;  
    2) Occupational Information or Job Placement; or  
    3) Case Management and Rehabilitation Services.  
  PLUS, forty-eight (48) months of acceptable employment experience (see Section 6), including a minimum of twelve (12) months under the supervision of a CRC. If you have met the employment criteria, but lack supervision of employment by a CRC, you must complete a **Provisional Contract** (see Section 7).  
  **OR**  
  **D3**  
  Sixty (60) months of acceptable employment experience (see Section 6), including a minimum of twelve (12) months under the supervision of a CRC. If you have met the employment criteria, but lack supervision of employment by a CRC, you must complete a **Provisional Contract** (see Section 7). |
CATEGORY E

To be eligible for certification in this category, your doctoral degree must be in the field of counseling or rehabilitation counseling. Examples of degrees that may be considered as a doctoral in counseling or rehabilitation psychology, counseling psychology, or clinical social work. Your doctoral transcript must reflect that one integrated or two separate graduate level courses with the primary focus on Theories of Counseling and Techniques of Counseling, as defined by CRCC, was part of the degree requirements. Other required courses may be taken as part of or in addition to the doctoral degree. This review will occur following submission of a complete application.

To ensure an accurate review, CRCC **REQUIRES** that you send a course description or syllabus for all applicable course work. For your education to be considered as acceptable for certification purposes, the courses shown on your official transcript must cover the areas indicated in the category requirements that follow. (See Section 5 for course definitions.)

<tbody>
<tr>
<td>Coursework requirement</td>
<td>Have completed 75% of the coursework toward the Master’s degree by February 1 (for the March test), June 1 (for the July test) or September 1 (for the October test) in order to be considered eligible to sit for the CRC examination for which application has been made.</td>
</tr>
<tr>
<td>Internship requirement</td>
<td>Prior to Graduation: Have completed an internship of 600 clock hours supervised by an on-site CRC or by a faculty member who is a CRC. The internship must have been in rehabilitation counseling and the intern must have provided direct rehabilitation counseling services to individuals with disabilities.</td>
</tr>
<tr>
<td>Graduation requirement</td>
<td>Graduate within 12 months of the application deadline date.</td>
</tr>
</tbody>
</table>

Students who meet all Category G requirements may sit for the CRC examination. **However, the examination results packet will be released only when CRCC receives an official transcript indicating that a Master's degree in Rehabilitation Counseling or Clinical Rehabilitation Counseling has been granted. This transcript must also reflect the successful completion of a 600-hour internship in rehabilitation counseling. The transcript must be mailed to CRCC, 1699 E. Woodfield Road, Suite 300, Schaumburg, IL 60173.**

**CATEGORY J**

This category is reserved exclusively for educators in a rehabilitation counselor education program, which is a defined program of study at the graduate or post-graduate level addressing knowledge requirements in rehabilitation counseling defined by empirical research.

To be eligible for certification in this category, your master’s or doctoral degree must be in the field of counseling or rehabilitation counseling. Examples of degrees that may be considered as a master’s or doctorate in counseling or rehabilitation counseling may include, but are not necessarily limited to, degrees in rehabilitation psychology, counseling psychology, or clinical social work. Your graduate or doctoral transcript must reflect that one integrated course or two separate graduate level courses with the primary focus on Theories of Counseling and Techniques of Counseling, as defined by CRCC, was part of the degree requirements. Other required courses may be taken as part of or in addition to the master’s or doctoral degree. This review will occur following submission of a complete application.

To ensure an accurate review, CRCC **REQUIRES** that you send a course description or syllabus for all applicable course work. For your education to be considered as acceptable for certification purposes, the courses shown on your official transcript must cover the areas indicated in the category requirements that follow. Having taught two or three graduate level courses with the individual or combined primary focus on 1) Medical Aspects of Disabilities, 2) Psychosocial Aspects of Disabilities, and 3) Multicultural Issues, as defined by CRCC, within a rehabilitation counselor education program must be evidenced through submission of a course syllabus that documents the association with the program and names the applicant as the instructor. (See Section 5 for course definitions.)
**Degree**

Master’s or Doctorate in Counseling or Rehabilitation Counseling. The graduate or doctoral transcript must reflect one integrated or two separate graduate level courses with the primary focus on *Theories of Counseling and Techniques of Counseling.*

**Granted by**

A college or university accredited by a national or regional accrediting body accredited by CHEA at the time the degree was conferred (for foreign degrees, see Earned Degree Requirements at the end of this section).

**Required course work**

Have taken **TWO OR THREE** graduate level courses with the individual or combined primary focus on:

1) Medical Aspects of Disabilities;
2) Psychosocial Aspects of Disabilities; and
3) Multicultural Issues.

OR

Have taught the courses within a rehabilitation counselor education program.*

**Employment requirement**

Thirty-six (36) months of full-time employment** in a rehabilitation counselor education program, subsequent to earning the master’s or doctoral degree. The category also requires the supervision of a student and/or direct clinical work with a population of individuals with disabilities as defined by CRCC.

** CATEGORY K **

*This category is reserved exclusively for former CRCs who wish to restore their certification status. To qualify for this category, an applicant must meet the following criteria:*

**Degree**

Master’s degree in Counseling. The graduate transcript must reflect one integrated or two separate graduate level courses with the primary focus on *Theories of Counseling and Techniques of Counseling.*

**Granted by**

A college or university accredited by a national or regional accrediting body accredited by CHEA at the time the degree was conferred (for foreign degrees, see Earned Degree Requirements at the end of this section).

**Required course work**

**TWO OR THREE** graduate level courses with the individual or combined primary focus on:

1) Medical Aspects of Disabilities;
2) Psychosocial Aspects of Disabilities; and
3) Multicultural Issues.

**Employment requirement**

Since employment has been previously verified by CRCC, applicants in Category K only have to submit verification of their most recent applicable employment experience in rehabilitation counseling.

Consistent with all other categories, applicants in this category will also be required to achieve a passing score on the certification examination.
CATEGORY R

To be eligible for certification in this category, CRCC requires that specific course work is taken either within a master’s, specialist or doctoral degree OR within a post-graduate advanced certificate or degree program, which is an integrated program of study. Individual courses taken outside of a master’s/specialist/doctoral degree or a post-graduate advanced certificate or degree program will not be considered as meeting the requirements of this category. Individuals who have a master’s degree in counseling should refer to Category D.

One course will be accepted for only one focus area. To ensure an accurate review, CRCC REQUIRES that you send a course description or syllabus for all applicable course work. For your education to be considered as acceptable for certification purposes, the courses shown on your official transcripts must cover the areas indicated in the category requirements that follow. (See Section 5 for course definitions.)

| Master’s, specialist, or doctoral degree | Master’s, Specialist, or Doctoral Degree in one of the following majors:  
Behavioral Health  
Behavioral Science  
Disability Studies  
Human Relations  
Human Services  
Marriage and Family Therapy  
Occupational Therapy  
Psychology  
Psychometrics  
Rehabilitation Administration/Services  
Social Work  
Special Education  
Vocational Assessment/Evaluation  

Note that CRCC will not consider degrees outside of the specified list of majors. |
| Post-graduate advanced certificate or degree | An integrated program of study that awards a post-graduate advanced certificate or degree upon completion. The program must include a minimum of 21 semester hours or 31.5 quarter hours. Internships may comprise no more than 6 semester hours or 9 quarter hours of the total required hours. |
| Degrees/certificate granted by | The master’s, specialist, or doctoral degree must be granted by a college or university accredited by a national or regional accrediting body accredited by CHEA at the time the degree was conferred (for foreign degrees, see Earned Degree Requirements at the end of this section). The post-graduate advanced certificate or degree must be granted by a college or university that also offers a CACREP-accredited master’s degree program in Rehabilitation Counselor Education (RCE) or Clinical Rehabilitation Counseling (CLRC). |
| Required course work | Graduate courses taken either within the master's/specialist/docotoral degree or the post-graduate advanced certificate or degree, with a primary focus on the following areas:  
- **ONE** integrated OR **TWO** separate graduate level courses on *Theories of Counseling and Techniques of Counseling*;  
- **ONE** course on Foundations of Rehabilitation Counseling;  
- **ONE** course on Assessment;  
- **ONE** course on Occupational Information or Job Placement;  
- **TWO OR THREE** courses with the individual or combined primary focus on:  
  1) Medical Aspects of Disabilities;  
  2) Psychosocial Aspects of Disabilities; and  
  3) Multicultural Issues;  
- **ONE** course on Case Management and Rehabilitation Services. |

| Employment requirement | Thirty-six (36) months of acceptable employment experience (see Section 6), including a minimum of twenty-four (24) months under the supervision of a CRC. If you have met the employment criteria, but lack supervision of employment by a CRC, you must complete a Provisional Contract (see Section 7). |

Note: If any of the required courses were taken as part of the master’s, doctoral, or specialist degree, course work relevant to rehabilitation counseling should be used to fulfill the remainder of a 21-semester credit hour post-graduate advanced certificate or degree program. Examples of relevant course work would address content in the following areas:

- Professional Orientation and Ethical Practice
- Counseling Theories, Techniques, and Evidence-Based Practice
- Group and Family Counseling
- Crisis and Trauma Counseling and Interventions
- Medical and Psychosocial Aspects of Chronic Illness and Disability
- Assessment, Occupational Analysis and Service Implementation
- Career Development and Job Placement
- Demand-Side Employer Engagement
- Community Resources and Partnerships
- Case Management
- Health Care and Disability Management
- Research, Methodology, and Performance Management
Earned Degree Requirements

To verify your educational background, CRCC requires an official transcript that shows the granting of your degree. A transcript will be considered official only if it bears the seal of the college or university and the signature of the school’s registrar. If your degree was granted under a name other than the one that appears on your certification application, the institution should be asked to include your present name with the transcript.

If you are an applicant under Category G, CRCC does not require you to submit your official transcript until your degree has been granted.

For a degree to meet the educational requirements for certification eligibility, the granting college or university must have been accredited at the time the degree was conferred by one of the national or regional accrediting associations accredited by the Council on Higher Education Accreditation.

However, if your degree is from a foreign country, CRCC will allow individuals to submit their transcripts along with an evaluation report from either of the following sources:

CRCC will not accept evaluations completed by other sources. The evaluation report must be sent from the source directly to CRCC postmarked by the application deadline date and must include recognition status of foreign institution, level of education completed by student, U.S. degree comparability, field of study, courses, credits or units, individual grades or overall grade average, and course content. The applicant is responsible for all fees associated with the evaluations and it is the applicant’s responsibility to ensure the evaluations reach CRCC by the deadline date. CRCC will evaluate the courses, units, and/or degrees on a course-by-course basis.
SECTION 5: COURSE DEFINITIONS

To satisfy the educational requirements for Categories D, E, J, K, and R you must document specific course work. CRCC defines these required courses as follows:

Theories and Techniques of Counseling*

Theories of Counseling is defined as a course in which the primary focus is the study of a broad range of counseling theories. Acceptable theories include, but are not limited to: a) cognitive (reality, cognitive-behavioral, rational-emotive, Gestalt, brief); b) behavioral; c) psychoanalytic; d) client-centered; e) narrative; f) feminist; g) solution-focused; and h) systems theories.

Techniques of Counseling is defined as a course in which the primary focus is the study and application of counseling techniques.

*May be one integrated course or two separate courses.

Assessment is defined as a course in which the primary focus shall include course work on individual appraisal and standardized testing, and provide an orientation to test and measurement principles such as norms, reliability, and validity. The content of the course must encompass the use of standard tests in areas such as achievement, aptitude, interests, personality, situational testing, behavior observation, and commercial work samples. Further, the course description/syllabus must reflect instruction in the application and interpretation of assessment data.

Occupational Information is defined as a course in which the primary focus shall include career education, career development, and career exploration. Further, the course description/syllabus must reflect coverage of the following: career development theories (e.g., Holland, Super, Roe, Minnesota Theory of Work Adjustment, etc.); and the use of occupational information and labor market trends in career counseling.

Job Placement is defined as a course in which the primary focus shall include theories of career development and work adjustment; placement strategies; placement of personnel; special populations; and employer considerations.

Medical Aspects of Disabilities, Psychosocial Aspects of Disabilities, and Multicultural Issues*

Medical Aspects of Disabilities is defined as a course in which the primary focus shall include medical aspects of disabilities, medical terminology, and functional implications of disabling conditions.

Psychosocial Aspects of Disabilities is defined as a course in which the primary focus shall include the psychological and social implications of disabilities on individuals with disabilities, family members, other individuals, and society.

Multicultural Issues is defined as a course in which the primary focus is the study of the implications of cultural and individual diversity. Topics must include disability and a broad range of other diversity characteristics such as gender, sexual orientation, ethnicity, national origin, religion, and aging.

*May be three separate courses or combined into a minimum of two courses.

Case Management and Rehabilitation Services is defined as a course in which the primary focus is on the applied principles of case and caseload management; delivery systems that encompass public, private for-profit, and private not-for-profit settings; laws and ethical standards affecting counseling
practices with examples of their application; and community resources, including educational and vocational programs, offered in diverse settings to a variety of populations with disabilities.

**Foundations of Rehabilitation Counseling** is defined as a course in which the primary focus includes course work on the history and philosophy of rehabilitation and rehabilitation counseling for individuals with disabilities, noting federal legislation concerning vocational rehabilitation and independent living mandates. The course also focuses on attitudinal, physical, and systems barriers to social integration, and ethical issues in rehabilitation counseling. Further, the rehabilitation process provided in various settings is explored noting career alternatives for rehabilitation counselors.

**SECTION 6: ACCEPTABLE EMPLOYMENT EXPERIENCE**

CRCC will accept full-time paid employment (or its equivalent in part-time work) and volunteer work as a valid fulfillment of the experience criteria. All part-time employment will be pro-rated based on a 35-hour work week. University internships are NOT considered acceptable employment experience.

For any employment to qualify as acceptable, the required employment verification form must provide evidence that 100% of your time (at each position) has been spent working as a rehabilitation counselor in a rehabilitation setting, providing rehabilitation services to individuals with disabilities as defined by CRCC. Furthermore, at least 50% of your activities must involve providing the DIRECT rehabilitation counseling services listed in this section. All claims of employment must be verified by your current and former employers/supervisors. The term “individuals with disabilities” is interpreted by CRCC to include persons who have limitations in life functioning (e.g., school, work, independent living, mobility) as a result of conditions such as sensory impairments, mental illnesses, developmental disabilities, learning disabilities, neurological disorders, chemical dependencies, and/or physical disabilities. Each claim of employment must reflect professional experience as defined in Areas I and II which follow. Your employment verifications must include evidence of job activities in both areas. The minimum percentage of time allotted to each area must be at least 10%, while the combined time spent on both must be no less than 50%.

**AREA I. Counseling.**

The application of cognitive, affective, behavioral, and systemic counseling strategies that include developmental, wellness, and multicultural principles of human behavior. Such interventions are specifically implemented in the context of a professional counseling relationship and may include, but are not limited to: vocational, individual, group, marriage, and family counseling and psychotherapy; the diagnostic assessment and treatment of persons with mental, emotional, and behavioral impairments or disabilities; guidance and consulting to facilitate normal growth and development, including educational and career development; the utilization of functional assessments and career counseling for persons requesting assistance in adjusting to a disability or handicapping condition; appraisal; referrals; consulting; and research.

**AREA II. Planning and delivery of rehabilitation services for individuals with disabilities as shown below.** Your employment must reflect sufficient activity in at least three (3) of the seven areas, ONE of which must be either a) case management, b) client assessment, c) service planning for individuals with disabilities, or d) rehabilitation services coordination.
a) **Case management:** This is the process of analyzing, planning, supervising, and administering the sequential flow of rehabilitation services to the clients for whom the counselor has responsibility as well as coordinating the services of other professionals and resources as required.

b) **Client assessment:** Assessment is the process of collecting in-depth information about a client’s situation and functioning, to include information pertaining to vocational, medical, psychological, social, functional, and environmental factors, in order to identify the client’s needs and develop a comprehensive rehabilitation plan that will address those needs. The continual assessment and synthesizing of this information is the basis of a plan for rehabilitation services.

c) **Service planning for individuals with disabilities:** Service planning is the process of determining specific objectives, goals, and actions designed to meet the client's needs as identified through assessment results. The plan that is developed should be measurable, action-oriented and time-specific.

d) **Rehabilitation services coordination:** The counselor uses client assessment information to coordinate required rehabilitation services. The assessment results are used to determine the need for specific services and to make referrals to appropriate providers. Other activities involve assessing the client's progress toward rehabilitation goals, determining the financial resources/obligations related to the required services, and providing feedback to all appropriate parties.

e) **Job analysis:** Job analysis provides systematic and detailed information about a job: what the worker does in relation to data, people, and things; the environmental and physical demands of the job; the methodology and techniques employed; the machines, tools, equipment, and work aids used; the materials, products, subject matter or services that result; and the traits required of the worker.

f) **Job development/placement:** Job development refers to the process of consultation with employers and the development of job opportunities in a comprehensive, professional manner. The intent is to establish continuing and mutually beneficial relationships with potential employers through selective placement, job modification, and adjustment counseling. Job development activities should provide clients with an opportunity to reach their employment potential. Job placement refers to the professional activities involved in assisting persons with disabilities to seek, obtain, and maintain appropriate employment. It may include guidance in vocational decision-making; training in job-seeking skills; supportive counseling; identifying job leads; conducting labor market surveys; negotiating with employers, supervisors and co-workers; and providing post-employment and follow-up services.

g) **Advocacy:** The process of working to reduce attitudinal and environmental barriers in society and facilitating the full inclusion of individuals with disabilities in their communities. The process may include advocacy on the individual or systems levels, benefits counseling, or supporting self-advocacy efforts of individuals with disabilities.

For employment to be considered for an eligibility review, each position must be verified on the Employment Verification Form. This form must be completed and signed by the appropriate supervisor/employer. It is the applicant’s responsibility to ensure that all required documentation is submitted to CRCC as part of the completed application. Applications missing any required documentation will not be considered for eligibility.

The flowchart on the following page provides an overview of the process for determining employment acceptability.
This diagram is only a visual aid. It is not a stand-alone document, but is to be used in conjunction with the written definition for acceptable employment experience in this guide. The completed employment verification form must support the required activities below.

**Area I**

Services provided to individuals with disabilities include counseling (10% of time or more).

- **Yes**
  - The minimum percentage of time allotted to activities in Areas I or II is at least 10%, while the combined time spent on both is no less than 50%. Also, the professional employment that was spent under the supervision of a CRC was rated satisfactory overall.
  - EMPLOYMENT QUALIFIES AS ACCEPTABLE UNDER CRCC CRITERIA.

- **No**
  - Does not meet CRCC employment criteria.

**Area II**

Services include THREE of the following SEVEN:
- Case management (percentage of time?)
- Client assessment (percentage of time?)
- Service planning for individuals w/disabilities (percentage of time?)
- Rehab services coordination (percentage of time?)
- Job analysis (percentage of time?)
- Job development/placement (percentage of time?)
- Advocacy (percentage of time?)

- **Yes**
  - Does not meet CRCC employment criteria.

- **No**
  - The minimum percentage of time allotted to activities in Areas I or II is at least 10%, while the combined time spent on both is no less than 50%. Also, the professional employment that was spent under the supervision of a CRC was rated satisfactory overall.
  - EMPLOYMENT QUALIFIES AS ACCEPTABLE UNDER CRCC CRITERIA.
SECTION 7: PROVISIONAL SUPERVISION

It is CRCC’s philosophical belief that an applicant for certification must have had either educational training that included an internship of at least 600 hours supervised by a Certified Rehabilitation Counselor (CRC), or a minimum of 12 months of acceptable employment experience supervised by a CRC. A Category R applicant must evidence 36 months of acceptable employment experience including a minimum of 24 months under the supervision of a CRC. Supervision is defined as the systematic and periodic evaluation of the quality of the delivery of the applicant’s rehabilitation counseling services.

By possession the CRC credential, the supervisor has demonstrated he/she has acquired and maintained specific competencies needed to practice as a rehabilitation counselor. Therefore, the purpose of the supervision requirement is to permit the certified individual to share the knowledge, skills, and abilities he/she has acquired with the applicant, and to ensure the applicant has an opportunity to access that supervisor’s knowledge, skills, and abilities. For those individuals who cannot meet this requirement at the time of their application, CRCC has developed a means to acquire the necessary supervision. It is called provisional supervision.

Provisional supervision is available ONLY to applicants who meet all other required educational and employment criteria in an eligibility category but lack the required amount of acceptable employment under the supervision of a Certified Rehabilitation Counselor (CRC).

For an applicant who does not have the CRC employment supervision stipulated under their category, CRCC has established the equivalent of one year of CRC supervision to be 30 clock hours. An applicant who has been employed under the supervision of a CRC for more than six months, but less than two years will be required to provide evidence of only 45 clock hours of supervision. An applicant who needs to pursue provisional supervision will be required to complete and submit the Provisional Plan and Contract with their application, which also requires a signature from the CRC supervisor. The plan describes the areas to be supervised, the learning objectives for the applicant, and the evaluation process to be conducted by the supervisor.

As a way of completing the provisional supervision contract, applicants who do not have direct access to a CRC supervisor within their current place of employment may choose to engage in an internship from a CACREP-accredited Rehabilitation Counselor Education (RCE) or Clinical Rehabilitation Counseling (CLRC) program, assuming the university offers this option to non-degree seeking students.

An applicant will be allowed 23 months (35 months for a Category R applicant) from the time of their initial certification examination to complete the provisional contract. However, the minimum time allowed to complete provisional supervision is 10 weeks (20 weeks for a Category R applicant), provided the applicant and the CRC supervisor meet no more than three hours per week.

THE PROVISIONAL SUPERVISION MAY NOT BE STARTED UNTIL THE PROVISIONAL PLAN AND CONTRACT HAVE BEEN APPROVED BY CRCC. Applicants will be notified of the approval status at the time they are notified of eligibility to test. If there should be a change in supervision at any time during the process, CRCC must be notified in writing.

It is the responsibility of “provisional” CRCs to make their status clear when responding to inquiries about their certification. Failure to do so is considered a violation of the Code of Professional Ethics for Rehabilitation Counselors and could result in a revocation of the provisional certification as well as future ineligibility for full certification. Upon achieving a passing score and completion of the required clock hours, the evaluation form must be signed by both the supervising CRC and the applicant and returned to CRCC. Once CRCC has accepted the completed evaluation form, a full certification will be granted and the CRC certificate issued to the designation holder.
SECTION 8: APPLICATION PROCESS

Once an applicant identifies a category under which to apply, the next step is to submit an application through the CRCC Online Portal. Applicants should be cognizant of the application deadline and examination dates noted in Section 3, page 4 of this Guide.

Forms and Documentation

Prior to starting an application, download and complete the required forms for the category under which you apply. The forms are available on the CRCC website via the Applicants tab and then Forms & Fees subpage.

All applicants requesting test accommodations must complete the Test Accommodation Request Form and attach the required supporting documentation within their application. All requests for exam accommodations are reviewed on a case-by-case basis without penalty. For more information about accommodations, including a list of available accommodations, see the Test Accommodations subpage via the Applicants tab on the CRCC website.

Online Account Set-Up

Once all forms and documentation are gathered, the next step is to create an online account through the CRCC Online Portal.
Completion of Application

Once the online account is established, select the link to *Apply for CRC Certification* as shown on the Welcome page below.

Next complete the application in full, including uploading documentation and choosing a payment option. For prompt processing, pay by credit card. If the *Mailing My Payment* option is selected, **print a copy of the balance page and mail it with a check payable to CRCC postmarked by the application deadline.**

**NOTE:** CRCC will **not** review applications to determine eligibility without receipt of payment in full. Applications submitted without necessary documentation will be deemed incomplete and may result in an applicant missing the targeted testing cycle.

Once the application is completed and all necessary documentation provided, click the **Submit** button. CRCC will follow-up with an acknowledgement email noting receipt of the application. CRCC will then proceed with reviewing the application. When an eligibility status is deemed incomplete due to a missing payment and/or required documentation, CRCC will follow-up with an email communicating the status and next steps in the process. If an applicant is deemed eligible, the notification is sent by U.S. Mail. We encourage you to keep your contact information updated through the **CRCC Online Portal** so that communication from our office is not delayed.
SECTION 9: ELIGIBILITY DETERMINATION

The Standards and Examination Committee is responsible to:

1) Review or cause to be reviewed in a fair, consistent manner every application to determine the professionals engaged in rehabilitation counseling meet acceptable standards of quality in practice, and they satisfy CRCC’s currently published eligibility criteria with respect to their education and work experience. Applications reviewed by the committee will include any that raise questions about the acceptability of an applicant’s academic degree, employment experience, eligibility documentation, and the like.

2) Clarify existing eligibility criteria, making periodic recommendations to CRCC regarding revisions or additions in order to ensure the standards used are appropriate when viewed in the context of the demands being placed upon practicing rehabilitation counselors.

An applicant who does not meet the CRCC eligibility requirements will receive an explanation of the committee’s decision, together with a notice of their right to appeal. A denial by the Standards and Examination Committee will absolutely preclude an applicant from participating in the scheduled exam. However, appeals will be considered by the Executive Committee during the next exam cycle in time to render a decision prior to the next administration.

Materials reviewed by the Standards and Examination Committee as well as any new evidence the applicant wishes to submit will be considered by the Executive Committee.

Although not an all-inclusive list, the following shall constitute grounds for immediate discontinuation of application processing or, if the individual becomes certified, revocation of an individual’s certification:

- Falsification of the certification application.
- Falsification of the verification forms.
- Falsification of any information requested by CRCC.
- Failure to maintain eligibility requirements once certified.
- Failure to pay required fees.
- Misrepresentation of CRC status.
- Misleading or fraudulent use of the CRC certification mark.
- Cheating on the certification exam.
- Egregious, unprofessional, dangerous, and/or fraudulent acts or behavior.

Re-Application Following Discontinuation of Application Processing or Revocation of Certification

Applicants or certificants who engaged in action that caused CRCC to terminate application processing or revoke an individual’s certification may re-apply after 18 months have elapsed. Re-application does not guarantee a determination of eligibility. CRCC welcomes the submission of a personal statement and/or documentation of affirmative educational or corrective measures taken to address the concern(s) that initially led to termination of application processing or revocation of certification.
SECTION 10: APPEALS PROCESS

CRCC’s appeals process is available to any denied applicant who feels the eligibility criteria for certification have been inaccurately, inconsistently, or unfairly applied by the Standards and Examination Committee. As previously stated, materials reviewed by the Standards and Examination Committee as well as any new evidence the applicant wishes to submit will be considered by the Executive Committee.

The appeals process is designed to provide:

- Complete reviews of the facts at issue.
- A second, independent evaluation of the material presented to the Standards and Examination Committee.
- Due process.
- Fair and consistent application of eligibility criteria.
- A method to appeal certain aspects of the examination process.

The appeals process does NOT provide:

- Additional time to acquire the education, employment experience, or supervision required for certification.
- Additional time to submit the documentation required for certification.

At the time the applicant is informed of their denial by the Standards and Examination Committee, they will also receive information on their right to appeal as well as the procedures, instructions, and time schedules for making such an appeal. A request for such an appeal must be sent to CRCC in writing within 30 days of the decision by the Standards and Examination Committee. An applicant who chooses to exercise this right will have their complete file presented to the Executive Committee during the next examination cycle. None of the members of the Executive Committee will have taken part in the decision-making process of the Standards and Examination Committee, thus ensuring a second, objective review of each applicant’s file. However, members of the Executive Committee will have the report of the Standards and Examination Committee to study before making their decision.

Also, if an applicant who has taken the examination feels there was an error or omission in the process or if that person questions any aspect of the examination procedure, an inquiry may be directed to CRCC’s Standards and Examination Committee. Should the applicant disagree with the findings of this committee, a second determination may be requested from the Executive Committee. The decision of the Executive Committee is final.

An applicant who subsequently remedies the default that caused the initial denial of their eligibility must re-apply and will be subject to the standards and criteria in effect at the time of their re-application.

See also Section 12 regarding the function of the Executive Committee in an instance where an applicant is denied accommodations.
SECTION 11: THE CERTIFICATION EXAMINATION

Examination Structure

The certification exam is a computer-based exam and consists of 175 multiple-choice questions drawn from CRCC’s item pool. Anyone seeking certification must take this exam, which is based on a body of knowledge encompassing the laws, public regulations, and existing delivery systems for rehabilitation services in the U.S. Each exam includes 150 scored items and 25 field test questions that will not be used in the scoring of the exam. Sample questions are included in Section 13.

The exam is constructed to ensure that it is consistent with minimal competency requirements and criteria-referenced testing concepts. Standards for item selection include: item difficulty (between .39 and .95 with a median in the .60-.70 range); a positive point biserial; and appropriate content distribution. Using an intensive field testing process, CRCC has developed a pool of questions that contains a comprehensive selection of statistically validated exam items. A task force of rehabilitation counseling professionals is charged with continually adding to and upgrading this “item pool.”

The exam is scored using a conjunctive scoring model whereby the exam is divided into two parts. One part tests knowledge with regard to counseling and the other part tests knowledge with regard to rehabilitation and disability issues. Applicants must achieve a passing score on both parts on a single exam administration in order to pass the examination as a whole.

Examination Content

The certification examination is comprised of questions across twelve (12) knowledge domains underlying rehabilitation counseling. Additionally, each of the twelve domains are further defined into subdomains. The titles of the domains and subdomains are as follows:

<table>
<thead>
<tr>
<th>CRC Exam Knowledge Domains</th>
<th>% of Questions</th>
</tr>
</thead>
<tbody>
<tr>
<td>Professional Orientation and Ethical Practice</td>
<td>9%</td>
</tr>
<tr>
<td>- Risk management and professional ethical standards for rehabilitation counselors</td>
<td></td>
</tr>
<tr>
<td>- Laws and public policy affecting individuals with disabilities</td>
<td></td>

<tr>
<td>- Human growth and development</td>
<td></td>
</tr>
</tbody>
</table>
- Evidence-based psychosocial and vocational interventions in rehabilitation counseling practice
- Evidence-based psychiatric rehabilitation practices
- Evidence-based counseling/therapy for clients with PTSD
- Evidence-based counseling/therapy for clients with alcohol and other drug use problems
- Theories and techniques of clinical supervision
- Evidence-based practice and research utilization

**Group and Family Counseling**
- Family counseling practices and interventions
- Family counseling theories
- Group counseling practices and interventions
- Group counseling theories

**Crisis and Trauma Counseling and Interventions**
- Assessment of client risk and development of a safety plan
- Effective rehabilitation counseling services for individuals with polytrauma injuries
- Impact of crises, disasters, and other trauma-causing events on people with disabilities
- Use of principles of crisis intervention for people with disabilities during crises, disasters, and other trauma-causing events
- The emergency management system within rehabilitation agencies and in the community

**Medical and Psychosocial Aspects of Chronic Illness and Disability**
- The psychosocial and cultural impact of disability on the individual
- Medical aspects and implications of various disabilities
- Environmental and attitudinal barriers for individuals with disabilities
- Medical terminology
- Implications of medications as they apply to individuals with disabilities
- The psychosocial and cultural impact of disability on the family
- Individual and family adjustment to disability
- Human sexuality and disability issues

**Assessment, Occupational Analysis, and Service Implementation**
- Vocational implications of functional limitations associated with disabilities
- The functional capacities of individuals with disabilities
- Interpretation of assessment results for rehabilitation planning purposes
- Occupational and labor market information
- The tests and evaluation techniques available for assessing clients’ needs
- Ergonomics, job accommodations, and assistive technology
- Transferable skills analysis
- Job modification and restructuring techniques
- Job analysis
- Diagnostic and Statistical Manual of Mental Disorders 5 (DSM-5)
- Computer-based job-matching systems
- Methods and techniques used to conduct labor market surveys

**Career Development and Job Placement**
- Career development and job placement strategies
- Job readiness including seeking and retention skills development
- School to work transition for students with disabilities
- Employer development for job placement
- Supported employment strategies and services
- Dual diagnosis and the workplace
- Theories of career development and work adjustment
- Work conditioning or work hardening resources and strategies
- Individual Placement and Support (IPS) model – evidence-based supported employment
- Social media as a networking tool

Demand-Side Employer Engagement
- Assisting employers with job accommodation issues for their employees with disabilities (e.g., assistive technology, workspace modifications)
- Consultation process with employers related to management of disability issues in the workplace
- Educating employers on disability-related issues (e.g., ADA, compliance, disability law)
- Human resource practices, diversity in the workplace, and workplace supports for people with disabilities
- Diversity training related to disability issues for employers
- Demand-side employment issues related to hiring, return to work, and retention
- Marketing strategies and techniques for rehabilitation services

Community Resources and Partnerships
- The services available for a variety of rehabilitation populations, including persons with multiple disabilities
- Community resources and services for rehabilitation planning
- Social Security programs, benefits, work incentives, and disincentives
- Financial resources for rehabilitation services
- Programs and services for specialty populations (e.g., school-to-work transition, SCI, TBI, mental health, ID/DD, substance abuse, corrections)
- Independent living services
- Financial literacy and benefits counseling and linkages to asset development resources
- Services available through client advocacy programs (e.g., Client Assistance Programs [CAP], legal aid)
- Services available from one-stop career centers
- Life-care planning and life-care planning services

Case Management
- The case management process, including case finding, planning, service coordination, referral to and utilization of other disciplines, and client advocacy
- Case recording and documentation
- Negotiation, mediation, and conflict resolution strategies
- Principles of caseload management
- Techniques for working effectively in teams and across disciplines
- Advocacy processes needed to address institutional and social barriers that impede access, equity, and success for clients
- Techniques for working with individuals with limited English proficiency
- Principles, models, and documentation formats for biopsychosocial case conceptualization and treatment planning

Health Care and Disability Management
- Appropriate medical intervention resources
- Healthcare benefits and delivery systems
- Health promotion and wellness concepts and strategies for people with chronic illness and disability
- Insurance programs (e.g., Medicare, Medicaid, group and individual, short- and long-term disability, personal injury no-fault liability)
Disability prevention and management strategies
Workers’ compensation laws and practices
Managed care concepts

Research, Methodology, and Performance Management 6%

- Program evaluation procedures for assessing the effectiveness of rehabilitation services and outcomes
- Rehabilitation research literature related to evidence-based practice
- Effective management of rehabilitation services and programs, including areas such as administration, finance, benefit systems, and accountability
- Psychometric concepts related to measurement (e.g., reliability, validity, standard error of measurement)
- Strategic planning techniques and budget planning
- Research methods and statistics
- Systematic review, meta-analysis
- Research databases (e.g., Cochrane Collaboration, PsycINFO, MEDLINE)
- Concepts and principles of organizational development and stakeholder management

Examination Schedule

The total time set aside for an examination is four hours, which includes time set aside for check-in, instructions, and a practice session on the computer. The actual time allotted for the test is 3.5 hours, unless accommodations are requested and approved by CRCC. Before starting the test, applicants will take a tutorial that allows them to become familiar with the computer system. After finishing the test, applicants will be given an opportunity to record comments on particular exam items and will be requested to complete a brief survey.

Examination Sites

Applicants will be able to choose from approximately 300 test administration centers in the U.S. and Canada. Because the location of test sites can change slightly from time-to-time, CRCC does not maintain information regarding test sites. At the time applicants are notified of their eligibility to take the exam, they will be provided complete instructions regarding how to schedule their time and location among one of the approximate 300 test sites in the U.S. and Canada. It is advisable for applicants to schedule as early as possible in order to obtain a preferred location, date, and time. Extensions will not be granted due to delays in scheduling an appointment.

Test administration centers are designed to provide standardized test administration. Test center personnel will guide applicants through the check-in process and will be available throughout the test administration in the event an applicant has a question related to the administration of the exam. Test center personnel cannot, however, respond to questions relating to the content of the examination. Test center personnel will verify required forms of identification. A photo of the applicant will also be taken.

All personal belongings must be placed in a locker available at the test center. Personal belongings also include tissues and any self-administered medication, whether over-the-counter or prescription medication. Books, paper, and other resources are not allowed, although test center personnel will provide scrap paper that must be turned in at the end of the test session. No food or drink, including water, may be taken into the testing room.

Applicants will be required to remove eyeglasses for close visual inspection during check-in and again upon return from breaks. Hair accessories are subject to inspection. Jewelry aside from wedding and engagement rings is prohibited in the testing room. Applicants should refrain from wearing other jewelry or hair accessories.
Applicants are not permitted to leave the test center facility during the examination. Applicants may take a break as needed to attend to personal health and care issues, including restroom breaks, but will need to sign out according to the instructions that will be explained at the test center. If an applicant chooses to take breaks, the time allotted for the examination will not increase and the examination timer will not stop during breaks.

Any violation of the policy will be reported to CRCC for further investigation. An applicant, who for medical reasons cannot comply with these rules, must apply for testing accommodations as described in Section 12.

Applicants who attempt to violate exam security in any way will be dismissed from the test center and may forfeit their right to seek certification. Applicants will also be required to respond in the affirmative to full compliance with a confidentiality and non-disclosure agreement that will appear on the computer monitor prior to accessing the exam.

**Invalid Identification, Late Arrival, or Failure to Show**

It is recommended that applicants arrive fifteen minutes prior to the scheduled appointment time in order to complete the check-in process. One form of valid, government-issued photo identification with the applicant’s signature will be required.

**Acceptable Forms of Non-Expired Government-Issued ID, with signature and photo**

- Driver’s license
- Valid Passport
- Military ID card
- State ID card
- Canadian Provincial Citizenship Card
- US Government-issued permanent resident card (commonly known as the green card, formerly known as the alien registration card).

While every effort will be made to seat applicants who arrive after the scheduled appointment time, late seating will be subject to the overall availability of seating at the test center. Those with invalid identification or who arrive late and cannot be seated will be subject to a $200 re-examination fee in order to reschedule. Applicants who do not show for a scheduled appointment are also subject to a $200 re-examination fee in order to reschedule. Applicants who are unable to sit for a scheduled examination for any reason are permitted only one deferral to the next scheduled testing window.

**Rescheduling and Cancellations**

Applicants may change their time or location for taking the examination within the assigned testing window but are subject to test site availability. Applicants who need to cancel their scheduled appointment during the assigned testing window are permitted only one deferral to the next scheduled testing window. Those who reschedule or cancel their appointment 6-30 days before their scheduled appointment will be charged a $25 fee by the testing vendor, Prometric. Those who reschedule or cancel their appointment 2-5 days before their scheduled appointment will be charged an $85 fee by Prometric. Applicants who cancel a scheduled appointment 48 hours or less prior to their scheduled appointment or who do not appear for their appointment will be subject to a $200 re-examination fee prior to rescheduling their examination during the next scheduled testing window. Therefore, it is highly recommended that applicants schedule carefully in order to avoid additional fees.

Individuals who choose not to follow through with the CRC certification exam, prior to the first scheduled examination window, may request a refund of $200. $200 is the portion of the total fee that is related to the cost of the examination.

Applicants who are unable to sit for the second scheduled exam will not be issued a refund. Applicants who wish to continue to pursue certification will be required to submit a new application, along with payment of the certification fee, to continue their pursuit of the CRC designation. Such reapplications will be subject to all criteria in effect at the time of reapplication.

**Applicants Who Do Not Achieve a Passing Score**
As certification criteria as well as exam content can change over time, CRCC’s policy requires re-examination to occur within close proximity to the original examination. Thus, applicants who do not achieve a passing score on the certification exam are allowed to re-take the exam once during one of the two subsequent testing dates. Applicants will be required to notify CRCC of their intention to take the test again and will also be required to remit a re-examination fee. Applicants who do not achieve a passing score on their second attempt or who are unable to sit again during one of the two subsequent testing dates for any reason and who wish to continue to pursue certification will be required to submit a new application, together with the certification fee, to continue their pursuit of the CRC designation. Such reapplications will be subject to all criteria in effect at the time of reapplication.

SECTION 12: TEST ACCOMMODATIONS

Non-discrimination Policy for Individuals with Disabilities

In accordance with the Americans with Disabilities Act of 1990 (ADA), as amended, and other applicable laws in the United States, CRCC does not discriminate against individuals with disabilities in providing access to its examination program. CRCC provides appropriate accommodations for its examination for individuals with documented disabilities who demonstrate a need for accommodations. The ADA and accompanying regulations define a person with a disability as someone with a physical or mental impairment that substantially limits one or more major life activities such as walking, seeing, hearing, or learning. The purpose of documentation is to validate the applicant is covered under the ADA or other applicable laws. Comprehensive information by a qualified professional is necessary to allow CRCC to understand the nature and extent of the applicant’s disability and the resulting functional impairment that limits access to its examinations. Documentation also allows CRCC to provide appropriate accommodations for such a disability.

No applicant shall be offered an accommodation that would compromise the certified rehabilitation counselor examination’s ability to test accurately the skills and knowledge it purports to measure. Similarly, no auxiliary aid or service will be provided that will fundamentally alter the examination.

Confidentiality

CRCC strictly adheres to a policy of confidentiality and does not disclose names of applicants with disabilities or information concerning the application or accompanying documentation. Examinations administered with accommodations are not identified to third party score recipients.

Available Accommodations

CRCC offers a wide variety of accommodations to those individuals with a documented disability. Requests for accommodations are reviewed by CRCC on a case-by-case basis, without penalty.

CRCC’s certification examination has been validated in a multiple-choice format; therefore, alternative versions of the exam can only be provided in that format. However, various accommodations may be provided by CRCC to afford access to the exam for individuals with disabilities who qualify for accommodations. These accommodations may include, but are not necessarily limited to:

- Adjustable Height Table
- Anti-Glare Screen
- Braille
- Drink (Applicant-supplied)
- Enlarged Font
- Extra Time
• Dragon NaturalSpeaking
• JAWS
• Reader
• Reverse Contrast
• Screen Magnifier
• Scribe
• Separate Room
• Sign Language Interpreter (to facilitate communication with test center personnel)
• Touch Pad Mouse
• Track Ball Mouse

Individuals may request accommodations beyond those shown above by selecting “Other” on the Test Accommodation Request Form, noting the accommodation(s) requested. This selection should also be used to indicate a need to bring medical devices into the testing room, or to bring food or drink into the testing room when it is medically necessary to do so, and when documentation from a qualified professional is provided to support such requests.

All approved accommodations shown above, including readers and sign language interpreters but excepting an applicant-supplied drink, will be provided by CRCC and will be available at the testing center at the time of the applicant’s scheduled appointment.

Individuals who are deaf or hard of hearing, and who do require assistance in communicating with test center personnel via sign language, must request a sign language interpreter to facilitate communication at the test center. However, CRCC does not allow sign language interpreters to translate the examination.

**Examination Breaks for Individuals Who are Granted Extra Time**

Applicants are ONLY permitted to leave the test center facility during the 60-minute scheduled break, which occurs between the two sections of the examination. Applicants may choose to use all or part of the 60-minute scheduled break. Applicants may take unscheduled breaks as needed to attend to personal health and care issues, including restroom breaks. However, the time allotted for the examination will not increase and the examination timer will not stop during unscheduled breaks. Any violation of the policy will be reported to CRCC for further investigation.

**How to Request Test Accommodations**

1. Read the Guidelines for Documenting a Request for Test Accommodations (below) and share them with the qualified professional who will be preparing your documentation.
2. As part of the application process, you will be given the option of requesting an accommodation.
3. Download the Test Accommodation Request Form, which is located on the Test Accommodation Request page of the application or can be downloaded from the CRCC website.
4. Upload supporting documentation related to your accommodation request, including the completed Test Accommodation Request Form, and documentation from a qualified professional. If you are unable to upload the documentation, you may mail to CRCC by selecting that option. Compare your documentation with the information listed in the documentation guidelines to ensure a complete submission. **If all required information is not submitted with your application or before the application deadline, your file will be incomplete. Therefore, you will not be eligible to sit for the examination for which you applied. You will be given an opportunity to complete your file in order to be considered during the next test cycle.**
Guidelines for Documenting a Request for Test Accommodations

The following guidelines will assist an applicant in documenting a need for an accommodation based on an impairment that substantially limits one or more major life activities.

To request accommodations, please submit the following:

1. Download and complete the Test Accommodation Request Form which is available within the application or can be downloaded from the CRCC website.

2. Obtain a detailed, comprehensive written letter or report signed by a qualified professional. A qualified professional is defined as an individual that is licensed by a state or is certified nationally, has had contact with the applicant and is able to substantiate a record of diagnosis as noted on the Test Accommodation Request Form. The letter or report should describe your disability and its severity and explain the need for the requested accommodations. The report must:
   • State a specific diagnosis of a disability.
   • Be current. The provision of accommodations is based on the current impact of the disability on the testing activity. The most recent documentation, preferably within the last five (5) years, should be provided. For physical conditions that are obvious and permanent, the currency requirement for the evaluation does not apply, but the most recent evaluation documentation available is still required and must be submitted.
   • Give a detailed description of the applicant’s current functional limitations due to the diagnosed disability.
   • Recommend specific accommodations, including assistive devices, related to test taking needs. Provide a detailed explanation of why these accommodations or devices are needed and how they will reduce the impact of the identified functional limitations on the examination for which they are requested.
   • Report any past accommodations the applicant received on examinations because of the disability.
   • Provide contact information and credentials of the qualified professional that qualifies him/her to make the diagnosis, including information about professional license or certification and training in the area of the diagnosis. The dated report must be written on the qualified professional's letterhead and clearly indicate the name, address, telephone number and qualifications of the professional. If requested by CRCC, the qualified professional must present evidence of comprehensive training and direct experience in the diagnosis and treatment of adults in the specific area of disability.
   • A prior history of accommodation, without demonstration of a current need, does not in and of itself warrant the provision of a similar accommodation. If no prior accommodations have been provided, the qualified professional should include a detailed explanation as to why no accommodations were given in the past and why accommodations are needed now.

3. Upload the completed Test Accommodation Request Form and any supporting documentation related to your accommodation request, including documentation from a qualified professional.

Problems such as test anxiety, English as a second language (in and of itself), slow reading without an identified underlying cognitive deficit, or failure to achieve a desired outcome on a test are not learning disabilities and are not covered under the ADA. Pregnancy in and of itself is not considered a disability although pregnancy-related impairments may be covered under the ADA.
Appeal Process

Any applicant who is denied accommodations may appeal this decision by submitting the following materials to CRCC:

- A written request for a formal appeal of the denial of accommodations. The request should describe the rationale for the appeal based on additional information not previously provided to CRCC or clarify other reasons justifying reconsideration.
- Additional written information in support of the appeal, such as new diagnostic or treatment information from the treating professional.

The appeal materials must be sent together in a single mailing and sent to CRCC within 30 days of the date indicated on the letter of denial of accommodations. During the next test cycle, the CRCC Executive Committee will review the appeal and accompanying materials and make a determination prior to the next administration of the exam. The decision of the Executive Committee is final.

SECTION 13: PREPARING FOR THE EXAMINATION

CRC Interactive Practice Test

The CRC Interactive Practice Test consists of one set of 50 multiple-choice questions representative of content on the actual CRC Exam.

These questions have been specifically selected to be reasonably representative of the content and statistical properties of the actual CRC Exam.

The practice test items span all 12 domains or content areas covered in the CRC Exam as well as the two sections of counseling and rehabilitation/disability.

The CRC Interactive Practice Test may be taken in 2 modes:

- **Test Mode**
  This mode automatically advances to the next question in the CRC Interactive Practice Test as soon as an answer is selected. The feedback provides information whether the answer selected is correct or incorrect. A pass or fail status is not provided.

- **Study Mode**
  This mode provides the option of receiving immediate feedback about the question. The domain area is identified and the rationale behind the correct answer is also provided. Each question includes a list of references for further study on the general content area of the question.

Respondents are encouraged to take the CRC Interactive Practice Test in both modes. Begin by taking in test mode to determine overall performance. Next, take in study mode to identify the domain content areas to focus studies. Retake in test mode to gauge improvement in identified domain content areas.

To maximize your study preparation, purchase the **CRC Interactive Practice Test** today.

**NOTE:** Use of the CRC Interactive Practice Test is not required to pursue or obtain CRC Certification and does not guarantee success on the CRC Exam. Furthermore, CRCC does not endorse or recommend other study guides or CRC Exam preparation materials that may be available on the market, as we have not been involved in their development and therefore cannot attest to the accuracy or comprehensive nature of the content contained in those materials.
Sample Exam Questions

In addition to the CRC Interactive Practice Test, the following sample exam questions and reading list, along with a review of the test content outlined in Section 11, should be of assistance as you prepare to take the exam.

1. The obligation for rehabilitation counselors to teach advocacy skills to their clients stems from the belief that:
   a. clients have the right to self-determination of choice.
   b. clients require intervention by counselors to achieve full inclusion in society.
   c. counselors have the specific training needed for advocacy efforts to be successful.
   d. counselors have the best understanding of client needs and what is required to meet those needs.

2. Cognitive-Dissonance Theory is based on the:
   a. assumption that when an individual has contradictory thoughts or ideas within an established behavior pattern, discord occurs.
   b. individual's attraction to a particular role demand of an occupation that meets his/her needs and provides him/her with satisfaction.
   c. assumption that individuals choose occupations that are person-oriented or non-person-oriented.
   d. assumption the need structure of the individual is greatly influenced by early childhood frustrations and satisfactions.

3. The group counseling theory based on the holistic view of the individual is:
   a. behavioral.
   b. psychoanalytic.
   c. Adlerian.
   d. Freudian.

4. A judge subpoenas a rehabilitation counselor to provide a copy of a client's psychological evaluation that was performed by an independent psychologist. The rehabilitation counselor should:
   a. submit the report only with the client's consent.
   b. submit the report even if the client refuses consent.
   c. refuse to submit the report under any circumstances.
   d. direct the court to obtain the report directly from the psychologist.

5. When developing a rehabilitation plan for a client who has recently been diagnosed with multiple sclerosis, the rehabilitation counselor should consider that:
   a. muscles will progressively atrophy without evidence of neural degeneration.
   b. symptoms can abate and recur with increasing frequency and severity for many years.
   c. physical symptoms are debilitating, while mental and emotional states remain stable.
   d. with the proper orthopedic devices, a client will be able to overcome most problems associated with the disability.

6. The assessment techniques commonly used to evaluate adults with specific learning disabilities fall into these three categories:
   a. medical tests, psychological tests, and work evaluations.
   b. neurological tests, adaptive behavior scales, and personality tests.
   c. blood tests, Wechsler Adult Intelligence Scale (WAIS-IV) scores, and functional assessment tests.
   d. informal tests and observational measures, standardized psychological tests, and neuropsychological test batteries.
7. Krumboltz’s theory suggests the four factors that influence career decisions are genetic endowment, environmental conditions, learning experiences, and:
   a. task approach skills.
   b. personal financial assets.
   c. physical appearance.
   d. physical environment.

8. An important service rehabilitation counselors can provide to employers is:
   a. actuarial assessment.
   b. compensation insurance brokering.
   c. employee performance evaluation.
   d. post-placement follow-up.

9. Which program allows individuals to work with Social Security to set aside income and/or resources for a specified period of time to pursue a work goal?
   a. Trial Work Period (TWP).
   b. Impairment-Related Work Expenses (IRWE).
   c. Plan to Achieve Self-Support (PASS).
   d. Ticket to Work (TTW).

10. In the state/federal rehabilitation program, the development of the Individualized Plan for Employment (IPE) is guided primarily by:
    a. agency regulations.
    b. the client's objectives.
    c. labor market surveys.
    d. local employment opportunities.

11. In the private sector, workers’ compensation is regulated by:
    a. the federal government.
    b. a regional board of directors.
    c. each state.
    d. the insurance commission.

12. The method by which the impact of rehabilitation services can be assessed is a:
    a. key assessment.
    b. vocational evaluation.
    c. comprehensive needs assessment.
    d. program evaluation.

Correct responses are: 1 a 2 a 3 c 4 d 5 b 6 d 7 a 8 d 9 c 10 b 11 c 12 a
Reading List

Below are resources that may be of help to applicants in preparation for the CRC examination. The list contains texts used by various master's programs in rehabilitation counseling, many of which contain similar content. It is not meant to be considered required reading. Instead, the list provides resources that applicants may reference after identifying examination content areas, as noted in Section 11, with which they feel less familiar or lack a strong knowledge base. Please be aware that this reading list does not comprise all knowledge areas covered in the examination. It is strongly recommended that applicants also be familiar with government publications, such as the Dictionary of Occupational Titles, legislative acts, and other similar information that is in the public domain.

University of Arkansas Currents. (2015). Assume nothing! A monograph from the 38th Institute of Rehabilitation Issues to address underserved populations, including individuals who are deaf-blind. (38th Institute on Rehabilitation Issues). Hot Springs, AR: University of Arkansas Currents.

SECTION 14: EXAMINATION SCORES, RESULTS, CERTIFICATES, AND INQUIRIES

Examination Scores

The examination is scored using a conjunctive scoring model whereby the examination is divided into two parts. One part tests knowledge with regard to counseling and the other part tests knowledge with regard to rehabilitation and disability issues. Applicants must achieve a passing score on both parts on a single exam administration in order to pass the examination as a whole.

A panel of experts arrived at recommended passing scores for each part of the exam using a method called the modified-Angoff approach. In this method, each expert considered examination questions individually and made a judgment about the probability that a minimally competent applicant would answer the questions correctly. The overall passing scores were then computed as the average of the predicted probabilities for all individual questions. This panel then recommended the passing scores for each part of the exam to CRCC, which set the passing scores. These passing scores represent the minimum level of knowledge that must be demonstrated to pass the examination as a whole.

Because of the need for security, multiple forms of examinations, each containing a different combination of questions, are used. The passing scores cannot be set as specific raw scores, or numbers of questions answered correctly, because some of these forms may be slightly easier or more difficult than others. Therefore, requiring the same raw scores to pass the different forms would not be fair to all applicants. A statistical procedure called equating is used to adjust for any differences in the level of difficulty among examination forms. Once the examination forms have been equated, a procedure called scaling is used to convert the actual number of correct answers, or raw scores, to a uniform scale. These converted scores are called scaled scores. Scaled scores ensure that all applicants demonstrate the same level of ability in order to pass the examination.

CRCC states its disapproval of the use of test results for any purpose other than the use for which the examination is developed and conducted. This warning includes using the test results for employment selection. In addition, test results are not to be used to compare educational programs. Certification tests are mastery tests and are not to be used as achievement or selection instruments.
Examination Score Report and Results Packet

A score report indicating a pass or fail status is provided to applicants at the test site following completion of the CRC examination. As part of the mailed examination results packet, those who do not pass will receive a profile including diagnostic information that can be used for further study.

Approximately four weeks following the close of the test administration window, applicants will be mailed their examination results packet. An applicant who applies under Category G will be required to submit their official transcript reflecting the granting of their Master’s degree in Rehabilitation Counseling or Clinical Rehabilitation Counseling before CRCC is able to release their examination results packet and officially award the CRC certification to applicants who obtained a passing score on the examination. This transcript must also reflect the successful completion of a 600-hour internship in rehabilitation counseling. The official transcript must be mailed to CRCC, 1699 E. Woodfield Road, Suite 300, Schaumburg, IL 60173. In order to protect the privacy of the applicant, results are confidential and will ONLY be released to the applicant IN WRITING BY FIRST CLASS MAIL. Examination results cannot be released over the phone or by electronic communication.

Certificates

A certificate will be sent within the examination results packet to each individual who receives a passing score. Individuals are entitled to begin using the designation “CRC” after their names as soon as they receive the certificate. Duplicate or replacement certificates can be requested from CRCC. All certificates remain the property of CRCC. Individuals who do not receive their original certificate within eight weeks of their examination should contact CRCC immediately.

Examination Inquiries

Applicants who feel an error or omission occurred during the examination process or those who question any aspect of the examination procedure may address an inquiry in writing to the CRCC Standards and Examination Committee. If the applicant disagrees with the committee’s findings, a further appeal may be made to the Executive Committee.

SECTION 15: USE OF THE CRC DESIGNATION

<table>
<thead>
<tr>
<th>Designation</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>CRC</td>
<td>Certified Rehabilitation Counselor</td>
</tr>
<tr>
<td>CRC/P</td>
<td>Certified Rehabilitation Counselor/Provisional*</td>
</tr>
<tr>
<td>CRC/Retired</td>
<td>Certified Rehabilitation Counselor/Retired</td>
</tr>
</tbody>
</table>

* See Section 7: Provisional Supervision

The CRC designation must be used consistent with the scope for which the certification was granted and in accordance with all applicable use policies of CRCC. Use of the CRC designation is strictly limited to those individuals who:

1. Have met all the criteria of CRCC and have taken part in the certification examination, either during the grandfathering period (1974-1975) or by achieving a passing score.

2. Have been officially notified by CRCC through the receipt of an examination results packet inclusive of a certificate and a score report indicating a passing status.

3. Have subsequently renewed their certification as required under CRCC’s certification renewal plan.
No one may use the CRC designation or otherwise represent themselves as being certified without first having fulfilled these requirements. Individuals who improperly use the CRC designation without having fulfilled the requirements who later seek CRC certification may be denied certification as a result of such improper use. Such individuals may also be subject to legal action. Additionally, individuals who have earned the use of the CRC designation and fail to act in accordance within the CRCC Code of Professional Ethics for Rehabilitation Counselors may be subject to disciplinary actions up to and including revocation of certification.

SECTION 16: CERTIFICATION RENEWAL

Applicants who pass the certification examination and achieve CRC certification will be provided information about certification renewal criteria. CRCC believes CRCs should continue to expand their skills in order to enhance the quality of the services they provide. CRCs are encouraged to build on the demonstrated specified levels of knowledge, skills, and ability addressed by the education/employment requirements and the initial certification examination. They are also required to provide evidence of continuing competence through the completion of courses and other activities that will help them more effectively serve their clients.

CRCC requires all CRCs to renew their certification at five-year intervals. Participation in continuing education throughout the five-year intervals is expected; participation in courses and programs sponsored by recognized continuing education providers affords a credible mechanism to support continuing competence and acceptable standards of quality in practice. The continuing education clock hour credits associated with these activities must align with the knowledge, skills, and ability addressed by the certification examination. All CRCs must document 100 clock hours of approved continuing education, 10 of which must be in the area of ethics, during the period of their current certification or re-take the certification examination and achieve a passing score.

CRCC will make every reasonable effort to send notification of a certificant’s ability to begin the renewal process. However, it is the individual’s responsibility to re-certify at the appropriate time. Failure to receive notification of renewal is not considered grounds for an extension. CRCC urges all certificants to update their contact information making any changes necessary to ensure prompt delivery of communications (electronic and/or mail). CRCC’s primary method of communication is electronic.
SECTION 17: FEES

Note that all fees are subject to change.

CERTIFICATION FEE $405

The certification fee, which includes the cost of the examination, is submitted at the time of application. A refund of $200 will be issued to applicants deemed ineligible.

Individuals who choose not to follow through with the CRC certification exam, prior to the first scheduled examination window, may request a refund of $200. $200 is the portion of the total fee that is related to the cost of the examination.

RELATED FEES

Handling Fee for Returned Checks $35
Must be paid for checks returned for non-sufficient funds (NSF) or closed accounts.

Re-Examination Fee $200
Must be paid by applicants whose fail the examination on their first attempt and schedule to take the exam a second time during one of the two subsequent testing dates. Must also be paid by applicants who are not seated for a scheduled appointment due to invalid identification, late arrival, or who do not appear for their appointment or applicants who cancel a scheduled appointment 48 hours or less prior to their scheduled appointment.

Certification Renewal Fee $395
See certification renewal guide for more information.

CRC/Retired Designation Fee $160
See certification renewal guide for more information.

Written Certification Verification Fee $27
For use in documenting certification status for other organizations/agencies. Please send a written request to CRCC along with payment.

Replacement Certificate (Except at renewal time.) $25
Please send a written request to CRCC along with payment.

All fees are non-refundable, unless otherwise noted.
APPLICATION SUBMITTAL CHECKLIST

Use the following checklist to verify that you have provided all necessary documents when submitting your application. Your application will not be processed unless it is complete, including payment of the Certification Fee. Incomplete applications may cause you to miss your targeted test cycle.
